TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

[L. S.]

To the Inhabitants of the Town of Belmont in the County of Belknap, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at Community Hall, in said Belmont, on Tuesday, the 13th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To choose one Selectman for three years, one Trustee of the Public Library for three years, and one Trustee of the Trust Funds for three years.
3. To raise such sums of money as recommended in the Budget and make appropriations for the same.
4. To see if the Town will vote to allow a discount of 2% on all Taxes paid on or before July 5th, 1945.
5. To see if the Town will vote to authorize the selectmen to borrow money in anticipation of taxes.
6. To see if the Town will vote to raise the salary of its Town Clerk, and if so how much.
7. To see if the town will to vote to pay its Trustees of Trust Funds and if so how much.

8. To see if the Town will vote to buy a motor grader and raise and appropriate money for the same.

9. To see if the Town will vote to support United States membership in a general system of international cooperation such as that proposed at the Dunbarton Oaks Conference, having police power to maintain the peace of the world.

10. To see if the Town will vote to elect the Road Agent.

11. To see if the Town will vote to elect the Police officer.

12. To see if the Town will vote to elect the Fire Chief.

13. To see if the Town will vote to make any change in its present Budget System.

14. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 26th day of February in the year of our Lord 1945.

STANLEY F. HILL,
SAMUEL P. PHILBRICK,

School Board

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Members of the School Board, Parents and Voters of the Belmont School District:

Residents of Belmont are interested in their schools, in the pupils who attend them, and in the activities which surround the education of the children. It is a pleasure to report various changes which have taken place since the Report of last year was issued.

Buildings and Equipment Maintenance, Operation, Repair

Minor repairs have been made in the Gale School. New treads for stairs to the basement have been built, and heavy screens placed over the cellar windows.

An additional coating has been laid on the High School roof.

Teachers and Supervisors

The shop program has been materially restricted since a certified teacher for the high school courses was not available. Mr. Fred G. Wilman accepted work in industry for the summer vacation and school year. Boys who might ordinarily study general school practice are now taking a newly-instituted course: Electricity and Machines, taught by the Headmaster.

Miss Louise Whitten did not seek reelection because of her marriage plans.

Miss Genevieve M. Cloutier of Epping, 1944 graduate of the University of New Hampshire, Home Economics course, was elected to manage the Home Economics department and teach Biology. She coaches the girls' sports.

The enrollment in Grades VII and VIII was too large for one teacher to direct the combined unit, so Mrs. Louise G. Downing, experienced teacher of elementary

and high school subjects, former teacher in Wentworth was secured.

Mrs. Mary C. Burpee contemplated marriage and did not seek re-election. Mrs. Agnes H. Moulton was given the principalship pending the return from the armed forces of S. Sgt. James F. McKeon, principal on leave. To teach pupils in Grades IV and V, Mrs. Cecile L. Smith of Tilton, who taught most of last year in the Uplands School, Canterbury, was selected. She is an experienced teacher.

Miss Ruth F. Sawyer, music supervisor, accepted a position in Portsmouth. Her place was filled by the appointment of Miss Priscilla E. Marrotte, recent graduate of the Music Supervisor's course, University of New Hampshire, and resident of Dover.

The other teacher in the Gale School and the three in Belmont High School continue to teach and direct in fine ways. Belmont is fortunate to have competent and devoted teachers on its school staff.

Health Work

The School Nurse, Miss Ruth B. Whitcomb, reports that the health work has advanced during the year due, in part, to the interest of parents in their children, the school, and in health conditions. With Dr. Karl Smith as examining physician, there were 245 pupils examined; 19 were found to have defective vision; 18 defective teeth; 1 with diseased tonsils; 1 with cardiac disease, now under treatment.

The need at the present time is for a dental clinic, as soon as a dentist is available, one will be held.

High School

The Headmaster, Mr. Ernest P. Fiske, submits statements which are not mentioned in relation to other aspects of this report.

To reduce the number of fields in which the high school teachers would be required to prepare themselves, junior high school courses in home economics, shop, English, social studies, science, and mathematics are taught by four different teachers.

To meet the needs of individual pupils, correspondence courses in typewriting, mechanical drawing, and trigonometry were obtained.

The enrollment in home economics and biology is especially high. Ninety percent of the girls in the high school elected home economics. In biology two divisions are required to accommodate all who have enrolled.

The time of the opening and closing of the school day was advanced one-half hour in September, for the convenience of small children who meet the busses early on dark winter mornings.

The senior class sponsored a fair during the fall to raise money for a class trip. The program included a one-act play directed by Miss Helen E. Martin, senior class adviser. There was an auction of a large variety of goods contributed by friends of the school.

In the spring the class of 1944 produced a three-act play and later, two one-act plays. Miss Velma E. Lucier directed a one-act play. Miss Lucier directed a one-act play for junior high school pupils.

At the close of the school year in June, the graduates made a three-day trip to New York. Miss Martin and Mr. Fiske were chaperones.

Boy's basketball has been coached for the last two seasons by Mr. Robert Dearborn. The 1944-45 schedule includes 17 boys' games and 14 girls' games.

A 9-game schedule was maintained in baseball, coached by Mr. Donald Leith.

In war-time activities, 19 high school pupils were released from attendance for an average of 2.4 days for harvesting crops. In addition, 19 boys and 8 girls did the equivalent of 485 eight-hour days of farm work outside of school time from September to December of this year.

War Savings Stamps and Bonds

In June 1944, the following facts were obtained on the sale of War Savings Stamps and Bonds to pupils.

Gale School	Stamps \$798.95	Bonds	\$2,306.25
High School	196.25		300.00

Milkweed Pod Collections

Pupils in Belmont schools have taken part in a national enterprise, collecting milkweed pods from which floss is extracted to make life belts for members of our armed services. Onion bags were furnished by War Hemp Industries, Inc., and the project was conducted under school auspices.

Cost of Schools

Figures for the school year 1942-43, the latest ones published by the State Board of Education showing the costs of schools, give:

State median cost of elementary schools,	\$94.25
Belmont's cost—elementary, per pupil	70.47

In 235 school districts in New Hampshire, the lowest designated as No. 1 and the highest, No. 235, Belmont stands No. 17.

In the high school section, there are 56 public high schools in the State. The median cost is \$136.30. Belmont's cost is \$127.57, standing No. 42.

Reading

There is a wide variation in the ability of children to read. Many of the pupils who are admitted to Grade 1 when they are about six years old are ready to learn reading. Some have even taught themselves to read simple matter. Others are not ready; they may not be when they are seven, or eight, or even nine. It is therefore necessary for the teachers to have several levels or groups in reading in each classroom. They must hold several reading classes each day. In November there were 17 reading groups in the Gale School. The system now in use in our schools is flexible. There are well-graded work materials for the different learning levels and through the conscientious efforts of teachers, the process, "learning to read" is controlled.

Arithmetic

Some teachers in the supervisory union worked nearly a school year in hours outside of school, studying arithmetic standards, subject matter, and work materials, before developing a tentative program in Arithmetic to fit our conditions. Soon after their report was completed, the State Board of Education supplied a program of Studies in Arithmetic. With our own efforts and with the outline from the State Board of Education, we have accepted a satisfactory course in this subject.

Conclusion

In submitting this fifth annual report, I thank the residents for their interest in and support of the schools, the school board members for their fine cooperation, the teachers and school nurse for their industry and success.

Respectfully submitted,
DONALD P. MATTOON
